Ceado Life Grinder

life is a **coffee grinder** designed to enrich your spaces and your moments: **easy to use**, it will be your accomplice in experiencing the true pleasure of coffee, in a free, curious, complete and eclectic way. Discover new ways of making coffee, always with **Italian style and design**.

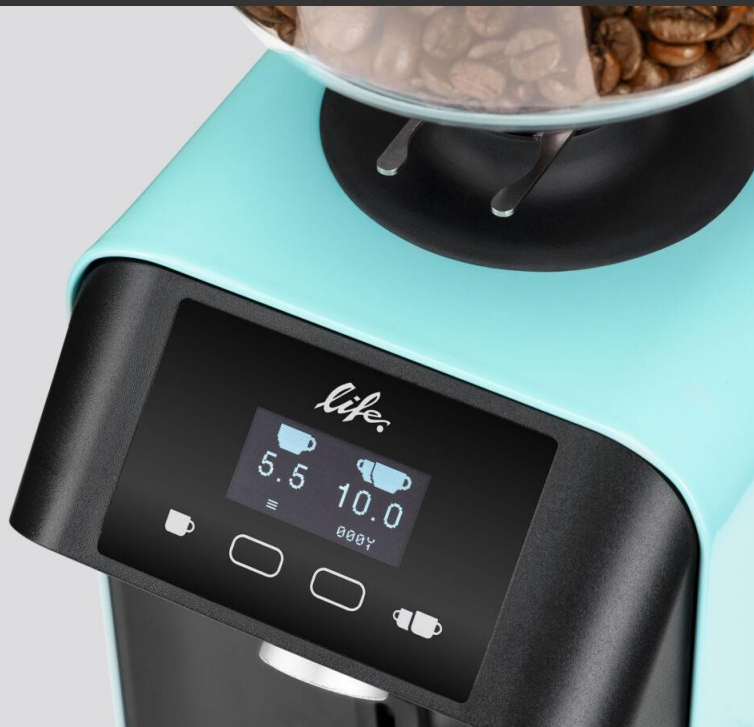

Let's start brewing

life is perfect for grinding beans to make whatever type of coffee you desire. A **delicious coffee grind** for pour-over brewing, using the Chemex or V60 for example, or a **classic espresso** or a morning **cappuccino**.

An ally forever

If you're **passionate about coffee** or love beautiful things, you can always depend on *life.* Built to last using **high-quality, durable materials**, it makes preparing any kind of coffee child's play. Don't be afraid to dare!

Touch display

With just one touch you'll have coffee ground from fresh beans, together with that irresistible flavor and aroma. Its **intuitive touch display** lets you grind your coffee just how you like it.

Sustainability

The zero-retention bellows for single-dose grinds, and low energy consumption **cutting-edge technology**, ensure **reduced environmental impact and less coffee waste**.
